**PCN Number:** 02/2018

**Title:** **New material codes for dart BCON for LVDS models / Development Kits**

**Product Family:** dart BCON for LVDS, Development Kits

**Release date:** January 25, 2018

**Contact:** Basler Support

**Type of Change:**

**Miscellaneous**    **Firmware**    **PC Software**

**Product design**    **Process**

## Reason for Change

Basler's embedded portfolio exists of camera modules and accompanying development kits. Up to date the development kits have fallen under the product category PowerPacks. In preparation for future portfolio extensions a new product category "Development Kits" has now been created. As a consequence, the product type of the current development kits has changed accordingly.

The dart BCON for LVDS is Basler's first camera module with a low-level embedded interface. BCON is Basler's proprietary interface technology for embedded systems. In preparation for future portfolio extensions based on BCON technology the material codes for all dart BCON for LVDS models have changed.

## Change Description

In Basler's material codes the second last letter describes which interface the camera or camera module provides.

**Example:** daA1280-54**b**m

For all dart BCON for LVDS models this letter has now changed from **b (BCON)** to **I (LVDS)**.

**Example:** daA1280-54**I**m

Please find below a list of all dart BCON for LVDS models with new material codes.

# PRODUCT CHANGE NOTIFICATION (PCN)

Due to the new product type “Development Kit” the material codes of the existing embedded kits have changed as well:

Part number	Old material code	New material code
107391	PowerPack daA2500-14bcEV	DevKit daA2500-14lc-MZ7010
107244	PowerPack daA2500-14ucEVA	DevKit daA2500-14uc-EVA

**Please note that for the dart BCON for LVDS models and the Development Kits the material numbers and revision levels have not changed. However, the changeover to new material codes will cause some inconsistencies in terms of product documentation, product labeling and camera firmware for a limited period of time.**
