

PCN Number: 04/2020
Title: **PoE Single Port Injector
POE21U Product Design Update**
Product Family: PoE Single Port Injector
Release date: August 01, 2020
Contact: Basler Support
Type of Change:
 Miscellaneous **Firmware** **PC Software**
 Product design **Process**

Reason for Change

We have received the information from our supplier that our old PoE Single Port Injector is no longer available. Our supplier provides us with a successor product which is identical to our old product with only small technical differences

Change Description

The only difference between those models is regarding the the output power and the operational temperature. The new model has a output power of 20W instead of 19,6W and an operational temperature -20 to +50°C instead of 0 to +40°C.

Changed Specifications	Old PoE injector model	New PoE injector model
Name	PoE Single Port Injector POE21U	PoE Single Port Injector POE29-1AF
Output power	19,6W	20W
Operational temperature	0 to +40°C	-20 to +50°C
