

**PCN Number:** 10/2021  
**Title:** **C10 Lens Series: Mount material changed**  
**Product Family:** Accessories  
**Release date:** November 10, 2021  
**Contact:** Basler Support  
**Type of Change:**  
 **Miscellaneous**    **Firmware**    **PC Software**  
 **Product design**    **Process**

## Reason for Change

As a result of the continuous improvement process we changed the mechanical part on some focal length of our Basler C10 Lens series. This change leads to another color and appearance of the Lens with no impact on the functionality of the product.

## Change Description

The color of the C-Mount-part of the lens changes from silver to black for 8mm, 12mm, 16mm, 25mm and 50mm Lenses. The textured surface on the side changes to a smooth one. The 35mm has still a silver mechanical parts which stays like that.

Left: new design for all C10 lenses except 35mm.

Right: old design for all C10 lenses except 35mm.
