

PRODUCT CHANGES

www.baslerweb.com

From: Basler Product Management
Date: July 26th 2021
Subject: ace cameras with MT9F color sensor End-Of-Life

Reasons for discontinuation:

One of the side effects of the worldwide pandemic, its recurring lockdown measures combined with disturbances in worldwide logistics, has led to a strong mismatch between a surge in demand and limited supply for semiconductor-related components (e.g. sensors, chips, and other electronic parts). As vision components provider and camera manufacturer, Basler is strongly dependent upon the availability of these materials, in particular of sensors.

On Semiconductor discontinued its MT9F color sensor and we therefore discontinue all cameras with the mentioned sensor as listed below.

Basler appreciates and values our trustworthy business relationship and looks forward to your continued interest in our products. While we regret any inconvenience this announcement may cause, we are eager to supply your future vision system and solution requirements.

Ace Classic cameras				
Model	Recommended Replacement	Last Time Buy Date	Final Ship Date	End of Product Support
<i>Cameras with MT9F color sensor</i>				
106538 Camera acA4600-10uc - MT9F002	acA5472-17uc	December 31 st 2021	~ March 31 st 2022	After warranty expires (3 years after shipment)
106704 Camera acA4600-7gc - MT9F002	acA5472-5gc			
107758 Camera acA4600-7gc - MT9F002	acA5472-5gc			

For questions about customized cameras based on these models, please contact your local sales representative.

Due to unexpected high demand, the availability of some models might be more critical than of others. Therefore, we kindly ask you to place your Last Time Buy orders in time as we process orders on a first come first serve basis. Any supply will be subject to Basler AG's capacity and resource constraints as well as to timely and contractual supply by pre-suppliers.
