

PRODUCT CHANGES

From: Basler Product Management
Date: March, 11th 2022
Subject: End of Life for Basler ace cameras with CMV2000 NIR sensor

Reason for discontinuation:

The sensor vendor ams has discontinued the CMV2000 sensor with NIR enhancement that Basler uses more than a year ago.

Basler has stocked a certain amount of sensors to keep offering these cameras to our customers. Thus the availability of cameras with the affected sensor is dependent on the remaining available volumes. Due to high order entries, these have now reached a critical amount and we discontinue the affected camera models below.

We understand the challenges this discontinuation causes and will do our best to guide our customers along the way finding appropriate camera models for replacement.

| Basler ace | | | | |
|---------------------------|----------------------------------|-----------------------------------|--------------------------------|--|
| CMV2000 NIR | | | | |
| Model | Recommended Replacement | Last Time Buy Date | Final Ship Date | End of Product Support |
| acA2000-165umNIR (106554) | acA2000-165um acA2040-90umNIR | December 15 th 2022 | March 15 th 2023 | After warranty expires (3 years after shipment) |
| acA2000-340kmNIR (106332) | acA2000-340km acA2040180kmNIR | | | |
| acA2000-50gmNIR (106159) | acA2000-50gm acA2040-25gmNIR | | | |

For questions, concerning customized cameras based on these models please contact your local sales representative.

Due to unexpected high demand the Last Time Buy period might end earlier at short notice and no more orders can be placed. Therefore, we kindly ask you to order your Last Time Buy amount in time.

Obligations beyond the final ship date will be limited to warranty support only. Any supply will be subject to Basler AG's capacity and resource constraints as well as to timely and contractual supply by pre-suppliers.
