## REACH Statement

Dear Sir or Madam

**Regulation (EC) No 1907/2006 of 18 December 2006** regulates the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) and requires the communication along the supply chain on the use of substances classified as SVHC (substance of very high concern) in a concentration above 0.1% weight by weight (w/w). All substances classified as SVHC are listed on the Candidate List published by European Chemicals Agency (ECHA), last updated on **14-Jun-2023**.

Further Annex XVII of the REACH Regulation regulates the restrictions on the manufacture, placing on the market and use of certain dangerous substances, mixtures and articles.

Basler AG did not identify any SVHC substance nor any substance restricted by Annex XVII contained in its products and will attend to the duty to communicate information on substances in articles in case it should be identified.

Best regards

Soniya Struve, Product & Material Compliance Manager

Janka Nielsen, Head of Strategy Deployment
