

PRODUCT CHANGES

www.baslerweb.com

From: Basler Product Management
Date: December 21, 2017
Subject: Basler Power Supplies End-Of-Life

Reasons for discontinuation:

Basler original power supplies have been in the market for more than 5 years. These successful products matched our excellent camera portfolio up to date and were designed to be compliant with Energy Efficiency Level V. To keep up with our enhanced camera developments and the newest energy efficiency standards, Basler decided to discontinue selected power supplies and develop new power supplies with Energy Efficiency Level VI.

Due to this fact we would like to inform you about the **discontinuation** and the **Last-Time-Buy** dates for the selected power supplies.

Successors will be announced in detail separately.

Accessories
